Supplier Portal Quick Guide

Note: You may see the Event Status is 'Awarded' or 'Pending Award'. This means that a contract was awarded to someone for that event, but not necessarily your organization. **To see if your organization was awarded a contract, click the number next to Events Awarded.** Additionally if you are awarded a contract, you will be contacted by Hennepin County staff. In the above screenshot, this person has not been awarded a contract as their Events Awarded is 0.
