

# Safety training and consulting

## Description

Safety training and consultant services for Hennepin County facility projects.

## Typical services

Project deliverables may include the following:

- Hazard assessments of site locations and employee work areas and behaviors; provide written reports with specific recommendations and photos to help mitigate hazards.
- Create safety compliance programs that meet regulatory requirements (e.g. Lockout / Tagout). Assist in implementing programs with various departments in Hennepin County.
- Develop and deliver safety training programs that meet regulatory compliance guidelines and standards.
- Conduct safety training needs assessments and guide clients on what is required and needed to meet compliance or needs identified by the client.
